SUMMARY

I am a 2nd-year BTech student in Computer Science Engineering with Artificial Intelligence and Machine Learning at SRM AP. Passionate about programming, problem-solving, and contributing to innovative projects. Strong foundation in C, C++, Python, Web Development, DBMS, and Data Structures. Keen interest in AI and its applications in real-world problems. Actively seeking internship opportunities to apply my skills and gain industry experience.

EDUCATION

SRM University AP <i>BTech - Computer Science Engineering (AI and ML)</i>	2023 – 2027 CGPA: 8.0
Narayana Junior College <i>Intermediate (MPC)</i>	2021 – 2023 Percentage: 93.3
Narayana E Techno School <i>10th Grade</i>	2020 – 2021 CGPA: 10.0

PROJECTS

Currency Converter <i>C++ Project</i> Developed a C++ application for currency conversion between various countries using real-time exchange rates.	2023 C++
Voting System <i>C++ Project</i> Implemented a C++ voting system allowing multiple users to cast votes and view results.	2024 C++
2D Game Development <i>Python Project</i> Developing a 2D game using Python libraries such as Pygame, Arcade, and NumPy.	2025 Python
Student Information System <i>DBMS Project</i> Developing a database system for managing student information efficiently.	2025 SQL, Database Management
Student Portal System <i>Web Development Project</i> Developing a web-based system that manages and provides data about students in a school or college.	2025 HTML, CSS, JavaScript

TECHNICAL SKILLS

Programming Languages: C, C++, Python, Data Structures and Algorithms (DSA)
Database Management: SQL, DBMS
Web Development: HTML, CSS, JavaScript
Soft Skills: Collaborative teamwork, Public speaking

CO-CURRICULAR ACTIVITIES

Awarded first prize in Chess at the school level, demonstrating strategic thinking and competitive spirit.
Active contributor to the History and Heritage Club, organizing and participating in events.
Lead and present seminars on various topics, showcasing public speaking and leadership skills.
Engage in team-oriented activities, fostering collaboration and communication in diverse settings.
